

19715 Feeding screws

Specifications

Additional Information:

Product type:	Screw conveyor
Industry:	Insulation, Power plants
Transported material:	Bulk material
Applied steel in product:	Carbon steel, Stainless steel – heat resistant
Surface treatment:	Carbon steel – painted, Stainless steel – brushed

19715 Feeding screws

Short Description

19715 Feeding screws for coke

Application for an industrial oven used for melting raw material for insulation.

Features

- Heavy duty screws designed for high temperature
- Manufactured in heat resistant steel
- Rotors applied with a water coupling for cooling
- Rotors welded with hard metal to prolong lifetime
- Rotors are supported with two bearings in the drive end to self carrying
