

18423 Pulp feeding into sacks

Specifications

Additional Information:

House:	Bin
Industry:	Food industry, Process industry
Applied steel in product:	Stainless steel
Product type:	Process equipment, Screw conveyor, Silo / bin
Surface treatment:	Stainless steel – acid pickled
Transported material:	Bulk material

Short Description

18423 – Screw conveyor with built-in hopper for feeding pulp into sacks.

Watch test run

Features:

- Manufactured in stainless steel 1.4301 (Aisi-304)
- Applied with high torque hydraulic gear motor
- Manufactured in heavy industrial quality
