

18520 De-watering screw Ø200 mm

Specifications

Additional Information:

Product type:	Process equipment, Screw conveyor
Industry:	Food industry, Process industry, Waste handling
Transported material:	Biomass, Bulk material, Meat
Applied steel in product:	Stainless steel
Surface treatment:	Stainless steel – acid pickled

18520 De-watering screw Ø200 mm

Short Description

18520 Press screw with replaceable cone

Features:

- Plain design
- Easy accessible drain filter
- Manufactured in stainless steel 1.4301 (AISI- 304)
