

25331 Screw conveyors for the food industry

Specifications

Additional Information:

Product type:	Screw conveyor
Industry:	Food industry
Transported material:	Meat
Applied steel in product:	Stainless steel
Surface treatment:	Stainless steel – acid pickled, Stainless steel – grinded

25331 Screw conveyors for the food industry

Short Description

Stainless steel conveyors for transport of raw material for protein production
5 screw conveyors in a combination of transport screws and screw bins

- Manufactured in AISI-304, 1.4301
- Grinded inside, acid pickled and passivated
- All parts in contact with food are manufactured in 2B surface
- Special developed lid that ensure drainage of water away from the screw conveyor
- Special developed pack boxes for easy cleaning
- Manufactured in accordance with European Directive 1935/2004

BEMA has undertaken all design, calculations and documentation
