

13548 Conveyor Ø400 for drill cuttings

Specifications

Additional Information:

Product type:	Screw conveyor
Industry:	Offshore
Transported material:	Bulk material
Applied steel in product:	Stainless steel
Surface treatment:	Stainless steel – acid pickled

13548 Conveyor Ø400 for drill cuttings

Short Description

Transportation of drill cuttings:

Features:

- Housing in stainless steel 1.4401 (AISI 316)
- Screw rotors with HARDOX flights (wear proven)
- Hydraulic gear motor
- Swirvel outlet (turnable in 360 degrees)
- Customer design to fit into the drilling rig
