

7258 Double screw with flights in gear position

Specifications

Additional Information:

Product type:	Screw conveyor
Industry:	Gypsum handling, Process industry
Transported material:	Gypsum, Powder
Applied steel in product:	Stainless steel
Surface treatment:	Stainless steel – acid pickled

7258 Double screw with flights in gear position

Short Description

7258 Double screw

Designed for pulling material out from a silo bottom.

Features:

- High torque screw
- All materials are in stainless steel 1.4301 (AISI-304)
- Helical screw rotor flights to avoid blocking in the screw rotor
