

11567 Screw conveyor

Ø800x180.000 mm

Specifications

Additional Information:

Product type:	Screw conveyor
Industry:	Process industry
Transported material:	Bulk material
Applied steel in product:	Carbon steel, Stainless steel
Surface treatment:	Carbon steel – painted

11567 Screw conveyor

Ø800x180.000 mm

Short Description

11567 Screw conveyor 180 m long with 30 intermediate bearings

Flights in Duplex steel (1.4462) and housing in carbon steel with stainless steel wear plates.

Features:

- Flights in Duplex steel protected with hard metal facing on the tip (wear protection as well as protection against aggressive transportation material)
- 30 self aligned intermediate bearings
- Divided into 30 sections for easy assembly on site
- Manufactured and tested (FAT) before final delivery
