

18540 Mixing screw Ø400 x 3500 mm

Specifications

Additional Information:

House:	Bin, Through
Transported material:	Minerals, Powder
Applied steel in product:	Carbon steel, Hardox plate
Industry:	Process industry
Product type:	Process equipment, Screw conveyor
Surface treatment:	Carbon steel – painted

18540 Mixing screw Ø400 x 3500 mm

Short Description

18540_1 – Screw for continuously mixing of gravel with colored powder

Features:

- Heavy duty machine manufactured in carbon steel
- Adjustable mixing performance
- Screw rotor in paddle design with paddles in HARDOX steel (wear proven)
