

System for drill cuttings

Specifications

Additional Information:

House:	Through
Industry:	Offshore
Applied steel in product:	Hardox plate, Stainless steel
Product type:	Screw conveyor
Surface treatment:	Stainless steel – acid pickled
Transported material:	Biomass, Bulk material

Short Description

Screw conveyors for transportation of cuttings:

- Diameter 350 mm
- Transportation length 15 m

The swirvel screw can turn 360 degrees to place the outlet in the desired position. The swirvel screw is mounted on a motorised base.

Features:

- Housing/through in stainless steel Aisi316/1.4401
- Intermediate bearings supported with HARDY discs (flexible discs to ensure a longer life time of the bearings)
- Screw rotor manufactured with HARDOX flights
- Gearmotors and bearings are painted in Norsok 501 system (Norwegian painting requirements for off-shore components)
